NEW YORK, FEBRUARY 20, 2018 – BlueMountain Capital Management, LLC (“BlueMountain”), a private diversified alternative asset management firm, today announced that Colin Teichholtz has joined the firm as Head of Global Governments & Agency MBS, effective today.

In this newly-created position, Mr. Teichholtz will focus on building BlueMountain’s investment capabilities in interest rate products, with an initial focus on the government debt of the U.S., Europe, Asia and emerging markets, as well as U.S. agency mortgage-backed securities and other related fixed income markets. He will report to Andrew Feldstein, Co-Founder and Chief Investment officer of BlueMountain Capital.

Before joining BlueMountain, Mr. Teichholtz was a Partner and Member of the Executive Committee at Pine River Capital, where he launched and managed multiple successful investment teams across a broad array of fixed-income and relative value strategies covering the U.S., Europe, Asia and emerging markets. He started his career at Goldman Sachs as a trader of mortgage and later emerging markets debt before becoming an emerging market credit portfolio manager and hedge fund manager.

“We’re thrilled to welcome Colin to the BlueMountain team,” said Mr. Feldstein. “With the changes in central bank interest rate policies, we believe this is an opportune time to strengthen our capabilities in interest rate products. Colin’s expertise from more than 25 years of successful trading and investing in U.S., Asian, European and emerging markets will be a major asset for BlueMountain and, even more importantly, our clients.”

“BlueMountain is an industry leader in leveraging intellectual capital and collaboration across investment disciplines and deep analytical rigor and technology to deliver solutions to clients,” said Mr. Teichholtz. “I’m grateful for the opportunity to work with the firm and expand its investment focus.”
